

The DEFENDER50

Description:

The Defender 50 is a highly robust system that has been crash tested to 50 mph and the only system in its class to be tested with top fence panels. Manufactured in UV stabilised polymer, the barrier offers a volume of up to 400 litres.

Features:

- Crash tested to 50 mph.
- Barriers secured together with two metals plates and a steel tube.
- Entire system does not need to be disassembled to install metal compound gates.
- Sump plug for easy emptying.
- Compatible with the DoubleTop range.
- Corporate branding can be embossed.
- Easy fill from the top and cover with fill cap.
- Manufactured in UV Stable polymer.
- Fork lift entry on the base.
- 138° angular movement.
